WORK EXPERIENCE

Fresher.

EDUCATION

Sandipani H. S. School Rajoda

Completed high school from Sandipani H.S. School. Currently pursuing B.Tech from Malwa Institute of Technology, focusing on developing technical and analytical skills.

PROJECTS

Ecommerce Bag Store

<https://ecommercebagstore.netlify.app/>

Built a fully responsive MERN-stack e-commerce website with product ratings, order management, secure checkout, and an intuitive admin dashboard; deployed live on Netlify.

Krishna Choudhary's Portfolio

<https://krishnachoudhary.netlify.app/>

Built a responsive portfolio website using HTML, JavaScript, and Tailwind CSS with smooth animations and interactive design to showcase projects and skills.

Complaint Management System

<https://complaint-management-system-cms.vercel.app/>

Developed a Complaint Management System using the MERN stack, featuring role-based access, real-time status updates, and efficient complaint tracking for seamless issue resolution.

Code reviewer app

<https://unique-code-reviewer.vercel.app/do>

Code Reviewer is an AI-powered tool using the Gemini API to analyze and improve code quality. Built with MERN, it streamlines code reviews for better development

Weather App

<https://unique-weather-app.netlify.app/>

Weather App: A React-based weather application that fetches real-time weather data using the WeatherAPI. It provides users with temperature, humidity, and weather conditions for any searched location.

SKILLS

- Expert in HTML & CSS
- Proficient in JavaScript & React.js
- Skilled in MERN Stack
- Experienced in PHP & MySQL
- Strong understanding of backend & database management
